About Me

Dedicated, energetic and hard working in Computer Science field with modern technologies. Eager to do my best with full potential for the company with whom I am gonna work to grow and make it prosper. Special interest in pouring my all my computer science and IT knowledge and skills to harvest much more profits for the company.

Professional Experience

Not yet any but eager to gain experience from reputed company. Although I am a beginner but I have honed my skills through consistence practice and experiments. So that I am confident to do the work for any company who hires me.
